Order Terminal OT-110

Order Taking with style

The functionality and stylish appearance of the OT-110 is ideally suited to the hospitality environment thanks to its compact size, lightweight design and durability. Orders can be transmitted directly from the OT-110 to the bar or kitchen via WiFi, allowing the employees to spend more time with guests and less time walking back and forth. The active WLAN roaming-function guarantees that there will be no break-off, if there are two or more Access-Points in the same network. With over 65 hours standby, the OT-110 has an intelligent power management.

Outside of the traditional restaurant environment, mobile order taking can be applied to an array of vertical markets such as sport events, music events, corporate hospitality, leisure clubs, night clubs, VIP lounges, stock taking, etc.

Special Features:

- 4.3" widescreen touch TFT-LCD
- Vibration alert
- 4-way direction sensor
- IP54 protection class
- Active WLAN roaming

Optional:

- 3-track MSR
- RFID 13.56MHz (MIFARE)
- Scanner 1D Symbol SE955
- Scanner 2D Honeywell

Order Terminal OT-110

Technical data

Item	OT-110	
CPU	Samsung S3C 6410 667 MHz	
Memory	Mobile DDR 128MB, NAND flash 256MB	
Operating System	Windows CE 6.0	
LCD	4.3" touch TFT-LCD widescreen (resolution 272 x 480)	
I/O Interface	WiFi 802.11 b/g/n Built-in class 2 bluetooth 2.1+EDR Mini USB 2.0 (client) / 1.1 (host)	
Audio	Speaker, internal microphone, earphone jack, microphone jack	
Extensions	Micro SD card (SDHC support)	
Ruggedness	IP54, 1.2 meter drop test	
Environment	Operating	Storage
	Temperature	0~40 °C
Dimensions	133 mm (H) x 82 mm (W) x 19 mm (D)	
Weight	Approx. 220g with battery	
Battery	Li-ion 2200 mAh (with gauge)	
Special Features	Alert via vibration	
	4-way direction sensor	
	Ambient light sensor
